Who We Are

Al Gharafa Trading and Contracting Co. W.L.L (AGTC) is 100% Qatari national company owned by **Mr. Sheikh Essa Hamad Jassim Thani Al Thani** and registered in Doha, The establishment of AGTC since 2007 is a natural progression of the Essa Bin Hamad Company (EBH Co.) policy of controlled growth and diversification.

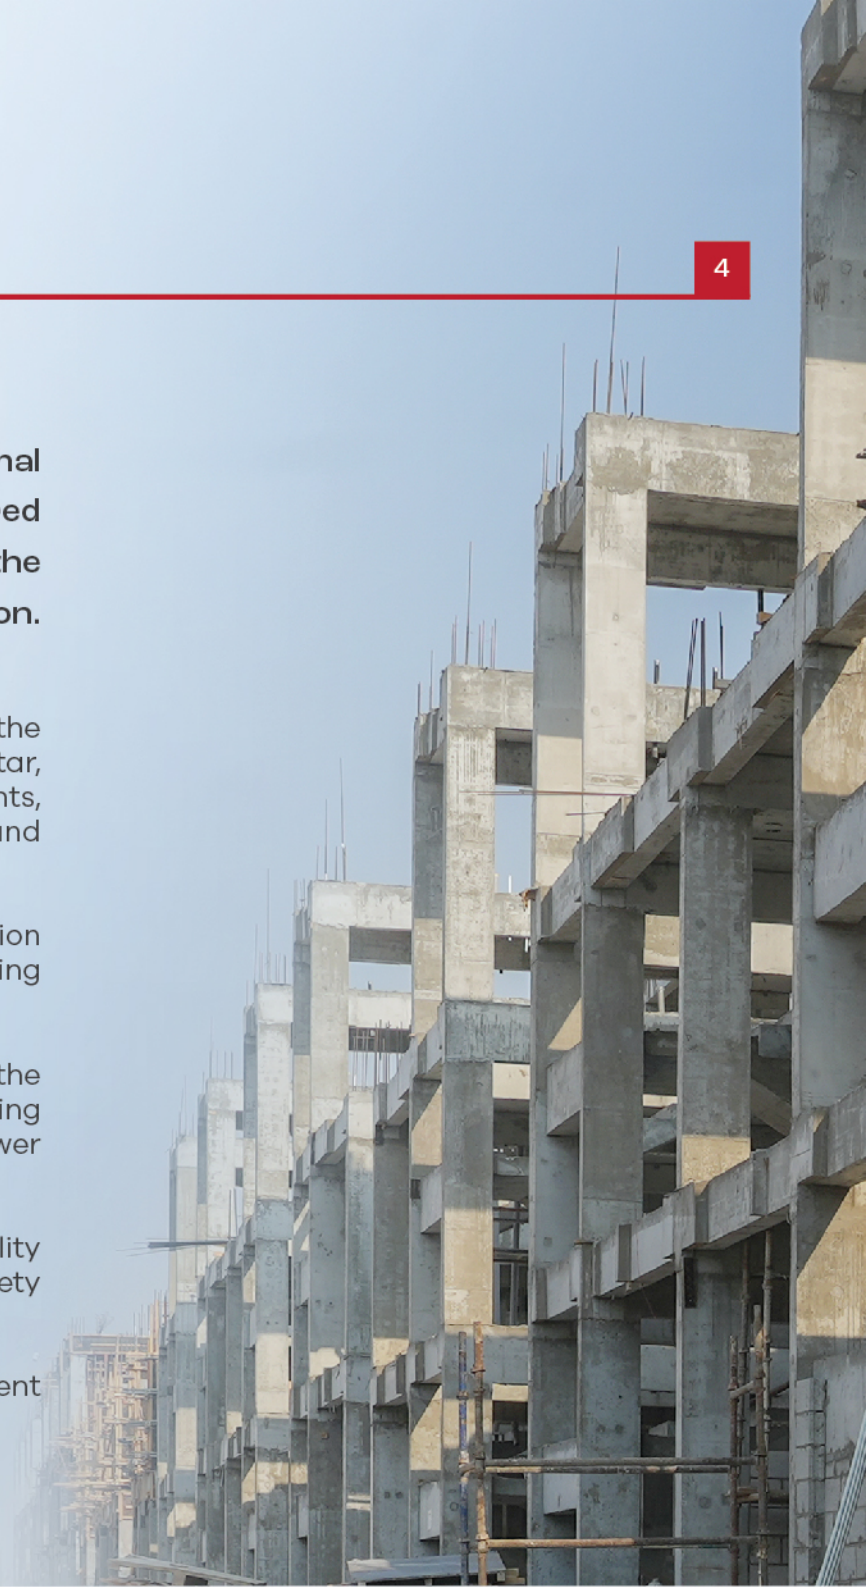

By assembling the experienced construction management organization and utilizing the numerous construction equipment's and fabrication resources companies across Qatar, AGTC will be able to provide a more efficient and cost-effective service to our clients, especially in residential, commercial, industrial, infrastructural, sports facilities and landscaping construction works.

The objectives of AGTC is to undertake all aspects of engineering and construction activities related to civil, mechanical, electrical, plus engineering procurements, testing & commissioning and startup services.

The strength of AGTC lies in its access to the vast reserves and resources of the companies across Qatar. Which owns a vast fleet of construction and earth moving equipment's in the region. On the other hand, ACTC has a vast pool of skilled manpower and team of professional managers/ engineers and experienced supervisory personnel.

Due to its penchant for excellence, we have been awarded ISO 9001:2015 for its Quality management Standards System, ISO 45001:2018 for its Occupational Health and Safety Management System and ISO ISO 14001:2015 for Environmental Management System.

The philosophy of AGTC is Quality, Reliability and Expertise in Services. The Management and Manpower team are committed to implement this philosophy on day to works.

Chairman's Message

“ I would like to seize this opportunity to guarantee that our team will spare no efforts to contribute to the growth & development of Qatar ”

As we anticipate the future and draw inspiration from our ancestors' vision for beloved Qatar, Al-Gharafa Trading and Contracting is dedicated to an exceptional plan that defines the Qatari identity. Our commitment reflects a passion for delivering superior services and solutions in contracting and construction. While client satisfaction is a common goal, we aim higher by positioning ourselves as partners striving for excellence and leadership.

To achieve this, we have established quality, occupational safety and speed of accomplishment as standards. These are realized through expert teams and meticulous plans, executed with full awareness and unwavering commitment at every stage.

We eagerly anticipate strengthening relationships and forging partnerships with our clients to fulfill our vision and strategic objectives.

Thank you for your trust. We are confident that your experience with us will be exceptional and unique.

Sheikh Essa Bin Hamad Bin Jassim Bin Thani Al Thani
Chairman

8. Miter Saw
9. Edge Bander
10. Bench Grinder
11. Multi-Function Spray Paint Booth
12. Hot Press Machine

Panel Saw

To cut large size sheets such as MDF, laminates, chipboards, solid woods, plywood, and acrylic sheets into sizes.

Panel saw have one main saw blade and scoring blade. Scoring blade, used to make grooves and avoid chipping.

Wood Surface Planer

Wood surface planer machine is used in the initial preparation of wood, producing flat surfaces and surface edges. The function is to smooth the surface wood.

Spindle Moulder

Spindle moulder: It is a moulder the shapes by cutting excess wood needed to get the design profiles. (Architraves, skirting, handrails, cornice etc)

Thickness Planer

Thicknesser is used to trim solid wood to a consistent thickness of length and flat of both surfaces.

Wood Surface Planer

Wood surface planer machine is used in the initial preparation of wood, producing flat surfaces and surface edges. The function is to smooth the surface wood.

Radial Arm Saw

Radial arm saw machine consisting of a circular saw mounted on a sliding horizontal arm. Used for cutting long pieces of length.

Band Saw

Band saw machine long tooth blade rotating on wheel that cut wood held by a table. This is a most common machine in carpentry workshop.

Miter Saw

Mitre saw is used to accurate crosscut and mitres. Primarily used for cutting wood trim and moulding.

Edge Bander

The Purpose of edge banding will be to suppress the absorption of water and humidity. Different type of edge banding can do by this EDGE BANDER-Melamine wood etc. PVC edge banding of shelves, cabinets, tables, partitions, and furniture etc.

Bench Grinder

Bench top grinder is used for sharpening cutting tools such as chisels, gouges, blades etc.

Multi-Function Spray Paint Booth

Paint booth contained environment equipped with exhaust fans, filters, and dryers. Spray painting safe, clean, and better results.

Hot Press Machine

Hot press machine is used for the below:

- Hydraulic door press
- Hydraulic plywood press
- Laminates press etc.

Wood Machinery List

SI No	Machinery Type	Brand
1	Panel saw	Felder
2	Wood Surface Planer	Felder
3	Spindle Moulder	Compact
4	Thickness Planer	Compact
5	Wood Surface Planer	Felder
6	Radial Arm Saw	Makita
7	Band Saw	Centaura
8	Edge Bander-PVC	Tempora
9	Edge Bander-Wood	Fravol
10	Bench Grinder	Makita
11	Paint Booth	Firat
12	Hot & Cold Pressing Machine	Steton
13	Sanding Machine	SCM
14	Veneer Laser Cutting Machine	Compact
15	Veneer Stitching Machine	Compact
16	Circular Saw	Felder
17	Thickness Planer	Felder
18	Wood Surface Planer	Felder

CERTIFICATE

This is hereby certified that the Environmental Management System of

Al Gharafa Trading & Contracting Co. WLL

Palm Tower, Bldg. B 1606, Zone 60, Street 810, Bldg. 6, 16th Floor,

Office 1606. P.O. Box: 6488, Doha - Qatar

Has been found to comply with the requirements of

ISO 14001: 2015

This certificate is applicable for the following scope:

**Construction & General Contracting, Building Maintenance Work,
Trade in Building Materials.**

Certificate Number: KAEM202410019

Date of initial registration:	05 October 2024
Surveillance audit on/before:	05 September 2025
Certificate expiry:	05 October 2025
Recertification due:	04 October 2027

شهادة تأهيل
نوع الشهادة : تصنيف شركات تركيب / صيانة أنظمة السلامة
بيانات المنشأة
الاسم التجاري: شركة الغرافة للتجارة والمقاولات
رقم السجل التجاري: 33627
رقم قيد المنشأة: 12-5819-00
رقم الهاتف: 44913133
رقم الترخيص التجاري: 44913133

اسم المهندس	الرقم الشخصي / جواز	المجال	نوع التعاقب	تاريخ الانتهاء
محمود فوج فهدى على مهنى	28781806556	إنذار	مقيم	2025/03/09
محمد عبدالقادر أحمد باشا	28281810802	إطفاء / التحكم بالإنذار	مقيم	2025/03/30
دانيش يوسف	29535618448	التحكم بالإنذار	مقيم	2025/11/26

قائمة المهندسين

تفاصيل الإفادة
لا مانع من مزاولة المهندسين المؤهلين والمذكورين أعلاه علماً بأن تصنيف الشركة فئة رابعة إطفاء - فئة رابعة إنذار - فئة ثلاثة التحكم بالإنذار

ملاحظات:
1 - يجب على المهندس المسجل الالتزام بكافة اللوائح والقوانين المنظمة لمزاولة المهنة بدولة قطر مع مراعاة أي قرارات تصدر من لجنة قبول المهندسين بصفتها جهة الاختصاص.
2 - يجب مراجعة الإدارة العامة للدفاع المدني في حالة الرغبة بإستخدام مهندسين إثنائيين للشركة من أجل الحصول على بطاقة تسجيل المهندس.
3 - ضرورة تواجد المهندس في الموقع أثناء مواعيد تفتيش الإدارة العامة للدفاع المدني وإبراز بطاقة تسجيل المهندس الخاصة به والصادرة من قبل إدارة الوقاية.
4 - أن تكون تقارير الفحص والصيانة موقعة ومصدقة من قبل المهندسين المذكورين أعلاه.
